587 investors with \$46 trillion in assets have signed the

2021 Global Investor Statement to Governments on the Climate Crisis

calling for all governments to commit to ambitious climate policy action by COP26.

Disclaimer

The information contained in this presentation is for information purposes only and is not intended to be financial product or investment advice or a recommendation.

Energetics Pty Ltd is authorised to provide financial product advice on derivatives, Australian carbon credit units and eligible international emissions units to wholesale clients under the Corporations Act 2001 AFSL No: 329935.

Energetics has provided this advice in our capacity as advisors solely for the benefit of the Client whom this report has been prepared for. The analyses in our report may not have considered issues relevant to any third parties and accordingly, to the extent permitted by law, Energetics disclaims all liability for any and all costs, loss, damage and liability that any third party may suffer, incur or is likely to suffer or incur, arising from or relating to this report (including attachments).

While all care and diligence has been used to construct this report, the information, statements, statistics and commentary (together the 'information') within this report (including attachments), may not be accurate, current or complete in all respects and, consequently, Energetics does not make any representations or warranties as to the accuracy, currency or completeness of this information. Energetics' terms and conditions will prevail until and as otherwise agreed to by Energetics and you. Any commercial decisions taken by you are not within the scope of our duty of care, and in making such decisions, you should take into account the limitations of the scope of our work and other factors, commercial and otherwise, which you should be aware of from sources other than our work.

Accordingly, this report is subject to risks, uncertainties and assumptions that could cause actual results to differ materially from the expectations described in such prospective financial information. Past financial or economic performance is not

indicative of future performance.

Under no circumstances, including negligence, shall Energetics be liable for any direct, indirect, incidental, special or consequential damages or loss of profits that result from the use or inability to use this report and/or attachments. Energetics shall not be liable for any such damages including, but not limited to, reliance by a third party on any information obtained from this report and/or attachments; or reliance by you or a third party that result from mistakes, omissions, interruptions, deletion of files, viruses, errors, defects, or failure of performance, communications failure, theft, destruction or unauthorised access. Where liability cannot be excluded, any liability incurred by you or anyone else in connection with the use of this report and/or attachments, is limited to the extent provided for by law.

Energetics' employees may attend various corporate events that have been paid for, organised, hosted or otherwise coordinated by external stakeholders from time to time. We acknowledge that any express requirement to disclose conflicts of interest will be dealt with contractually and on a case by case basis in accordance with our policy.

This report and any attachments may contain legally privileged or confidential information and may be protected by copyright. You must not use or disclose them other than for the purposes for which they were supplied. The privilege or confidentiality attached to this report and attachments is not waived by reason of mistaken delivery to you. If you are not the intended recipient, you must not use, disclose, retain, forward or reproduce this report (whether in its entirety or in parts) or any attachments. If you receive this report and/or attachments in error, please notify the sender by return email and destroy and delete all copies immediately.

Sustainability at Energetics

Our contribution to a carbon neutral society

We're more than carbon neutral. Sustainability is core to Energetics' business.

In June 2008, Energetics became one of Australia's first consulting firms to achieve carbon neutrality through the Australian Government's Greenhouse Friendly Program.

We became a 'Climate Active' certified organisation in 2019 and in 2021 Energetics joined other leading businesses globally when we verified our science based target (SBT) through the Science Based Targets initiative (SBTi).

Our values

A team of passionate, committed climate change and energy management professionals, we advise some of Australia's largest companies on their role in a sustainable and prosperous future.

We believe in:

- Delivering excellence
- Acting as an environmental role model
- Providing our clients with innovative and sustainable solutions
- Holding ourselves accountable for our actions
- Respecting the experience and opinions of our clients and colleagues.

Energetics is a carbon neutral company
